

M'KINLEY DECLINES A THIRD TERM

WOULD NOT ACCEPT NOMINATION IF IT WERE TENDERED TO HIM.

His Ambition is To Serve His Second Term to the Acceptance of His Countrymen, and Then Take His Place in Ranks of the People.

STATEMENT ISSUED BY THE PRESIDENT

Washington, D. C., June 11.—The following personal statement was given out by President McKinley at noon.

"I regret that the suggestion of a third term has been made. I doubt whether I am called upon to give this notice. But there are now questions of the gravest importance before the administration and the country and their just consideration should not be prejudiced in the public mind by even a suspicion of the thought of a third term.

In view therefore of any reiteration of the suggestion of it, I am not and will not be a candidate for a

third term, and would not accept the nomination for it if it were tendered to me.

"My only ambition is to serve throughout my second term to the acceptance of my countrymen, whose generosity and confidence I so deeply appreciate and then with them do my best in the ranks of the people."

This statement has caused quite a sensation in political circles. This is the first political declaration emanating directly from the president since the campaign. It was for this purpose that last night's cabinet meeting was called.

The members of the cabinet gave

the statement their unqualified approval. It is said that Hanna had been informed of McKinley's intentions in the matter and fully approved them.

The action of the president is regarded as a severe rebuke to Senator Depeew and Congressman Grosvenor, the two men who are held responsible for the present discussion of a third term.

Mysterious Cabinet Meeting
Washington, June 11.—A deep mystery is surrounding the special meeting of the cabinet held last night. All of the members with the exception of Root, who is in Buffalo and Hay who was in conference with the president before the others arrived, met at the executive mansion.

They were in the cabinet room for more than an hour before they departed. It was intimated that the president had enjoined them to secrecy.

It was the first night session of the cabinet since the Spanish war. The members volunteered the information that they did not discuss the Boer war, situation in Cuba, Philippines, Porto Rico, China or the supreme court decisions.

Some believe that the president was in receipt of disquieting news from Cuba and wished to advise with the cabinet before replying to General Wood.

FIRST SHIRT WAIST MAN IN NEW YORK

He Walked Down Broadway This Morning, and Was Followed by a Crowd with Jeers.

New York, June 11.—He arrived today. Everyone had been expecting to see him since the sunny days came. He walked down Broadway this morning, noticed but unmolested, until at Liberty street the crowd got too big for him, and he hopped on an open car, jeers and applause following. "Pipe his ribs," yelled the street urchins while one woman declared that he looked cute.

"It" was made of pink mousseline de sole, false front, accordion puffed, and large sleeves. There were neither cuffs nor stays. In addition he wore a high linen collar, with a large flowing tie, low patent leather Oxford, gray trousers, and a straw hat which looked like one of those coconut cakes that mother used to make. After escaping from the multitude and boarding an up town car he lit an all tobacco cigarette with dignified unconcern. Thus ended the eventful debut of the first shirt waist man.

LIBRARY CONGRESS MEET AT WAUKESHA

Men and Women of the United States Who Know About Books, Coming Next July.

For the second time in its history the American Library association is to hold its annual meeting in Wisconsin, this time at Waukesha, beginning on the evening of July 3 and continuing through July 10. In 1896 the association met in Milwaukee, having then a total attendance of 133, while at the present time at least 750 members are expected to be in attendance, and the membership looms up to more than 1,000, comprising some of the foremost librarians in Europe as well as in America. Two of its meetings have been held in London.

It is the policy of the association to hold its meetings alternate years in cities and in summer resorts. The city meetings are for the purpose of stimulating interest in library work in centers where it is believed such missionary work is needed, and the resort meetings are held for the purpose of combining rest with business.

The fame of Wisconsin as a library state has traveled far, and the executive board of the association made the request to come here this year. Waukesha was chosen as the meeting place, because of its fine hotel accommodations. The librarians are a clanish set and like to be housed under one roof, and the Fountain house at Waukesha was found to be the only hotel at any resort in Wisconsin that would answer that purpose. The meetings at Waukesha will be open to the public generally, and a large attendance will be welcomed.

Justice Ames refused to issue a warrant on the ground that the offense was not covered by the statutes.

District Attorney W. A. Jackson was informed of the case this morning and is investigating it.

Pendleton and his wife went to Chicago two years ago and joined Dowie's church, and have been members ever since. About six weeks ago he asked her if she wanted a physician when she was sick, and she said no, and a few days ago asked her again when she replied that she was going "to trust Dowie and the Lord."

The deacon and the elder came out from Chicago to pray with her during her trouble, but only succeeded in letting her die in great agony.

ANOTHER VICTIM TO DOWIE CRAZE; MRS. H. C. PENDLETON IS DEAD

Two Deacons in Dowie's Church Attended Woman at Allen Grove During Child Birth—Physician Not Called in—Prayers All Aid She Had.

Mrs. H. C. Pendleton of Allen's Grove, Wis., is the latest victim of the Dowie craze. She came to her end last night giving birth to a child unattended by any physician and with no one to administer to her needs except Mary Spiker, a deacon in Dowie's church and John H. Sayres, who claims to be an elder in the church. The people stayed around and prayed for the woman until death ended her sufferings.

The undertaker at Allen's Grove did not have a death certificate and went to Clinton for it. Justice Ames started at four o'clock this morning from his home in Clinton for Allen's Grove and summoned a coroner's jury. An autopsy was held by Dr. Jones of Clinton and Campbell of Allen's Grove. They found that the woman came to her death from child birth and that her life could have been saved had she had medical attendance.

The coroner's jury composed of C. L. Cuttle, H. V. Frey, S. S. Jones, A. B. Sawyer, O. B. Rogers and T. B. Rogers found "That Mrs. Pendleton came to her death from gross neglect and willful negligence on the evening of June 10, 1901, and hold her husband, H. C. Pendleton, and John Sayres and Mary C. Spiker responsible and recommend that they be held for it."

MODERN WOODMEN AT ST. PAUL; HEAD CAMP OF ORDER IN SESSION

Wisconsin Largely Represented at the Annual Convention—Official Report Shows a Gratifying Growth—Northcott Will Be Head Consul.

St. Paul Minn., June 11.—The twelfth biennial national convention of the Modern Woodmen of America was called to order today at 10 o'clock and thousands of delegates and others are in the city for the opening meeting. Each of the 629 members present represents one thousand members.

It is estimated that fully one hundred thousand members of the order will be present during the week. On Thursday the grand street demonstration takes place, with over 25,000 Woodmen in line. Teams are already present from Grand Rapids, Mich., Clinton, Wis.; Kalamazoo, Mich.; Falls City, Wis.; Sparta, Wis.; Tomah, Iowa; Prairie Farm, Wis.; Luverne, Minn.; West Superior, Wis.; and Plattsburgh, Neb. Of the board of auditors A. Bort of Wisconsin is the only one reasonably sure of a reelection.

Chicago Wants Admission
Chicago's particular desire is to get into the Woodmen despite a provision which prevents the organization of camps in cities of over 200,000. The movement is being strongly pushed by the Chicago men.

In this movement Milwaukee is also interested and has a delegation at the Ryan hotel pushing it.

HAVE DECIDED TO OFFER MEDIATION

Hague Arbitration Board Has Asked Germany to Act as Mediator in the Boer War.

London, June 11.—A dispatch from The Hague says the permanent committee of the court of arbitration met on Saturday to discuss the Transvaal question. It was decided to offer mediation by Germany and Holland between Great Britain and the South African countries, but no date was fixed for such a step. The points of the proposals will be the independence of the two countries.

The Sun hears that Mrs. Botha starts on Wednesday for The Hague, where Mr. Kruger has been summoned to attend a conference of the Boer agents in Europe and the United States to consider the report of Mrs. Botha from her husband, in which he advises Mr. Kruger, as the constitutional head of the Transvaal to sue for peace and the best terms obtainable.

STUDENT PLEDGES FOR THEIR COLLEGE

Juniors, Sophomores and Freshmen of Beloit to Raise \$3,000 to Swell Endowment Fund.

Beloit, Wis., June 11.—President Eaton has not yet made known just what he is going to do about remaining in the college as president. But he is still trying to raise the \$150,000 necessary to secure Dr. Pearson's \$200,000. He told the students at chapel yesterday that there was \$36,000 yet to be raised. The senior class yesterday pledged about \$1,000, at a mass meeting held after chapel last night the other college classes voted to attempt to raise \$1,000 each, and the academy will meet this afternoon. No doubt it will also plan to swell the endowment.

H. S. Gilkey left this morning for Escanaba, Mich., on business.

BOSTON GREET Y. M. C. A. HOSTS

World's Convention Opens with Over 5,000 Delegates Today.

A JUBILBE EXHIBIT

Plans for a Monster Mass Meeting To Be Held Sunday Night.

PROGRAM FOR TODAY

Boston, Mass., June 11.—Streaming into Boston from nearly every quarter of the globe, came delegates today to the semi-centennial and international jubilee convention of the Young Men's Christian association of North America.

Practically every civilized country in the world was represented this morning when the convention was called to order in the convention hall of the Mechanics' building, and it is confidently expected that there will be nearly 5,000 delegates in attendance the six days the convention is in session.

The Jubilee Exhibit
Those who reached here this morning scarcely paused to shake the dust of travel from their clothes before appearing at headquarters, where a large force of officials were ready to arrange suitable boarding places for the visitors.

Not a delegate left the building without a thorough inspection of the jubilee exhibit in one of the large halls of Mechanics' building. This consists of photographs of Y. M. C. A. camps, athletic teams, gymnasiums and diagrams of work done in Bible study sent by associations in all sections of the country. Awards of merit, consisting of blue ribbons and red-ribbons for first and second prizes, had been distributed among the different classes of exhibits.

Foreign Delegates Arrive
The exhibit contained material from all kinds of associations, in all departments of activity, and designed to graphically present the history of the movement in the American association for the past fifty years.

The first of the delegates to arrive were those from the most distant clime, one party from Adelaide, Australia and another from Japan, getting in early. The first named party, however, journeyed west, while the Japanese delegates went east to the Y. M. C. A. Mecca of 1901.

Superintendent of Public Grounds Doogue has the most gorgeous and elaborate display of spring flowers in the public garden in honor of the convention delegates ever seen. In that inclosure, famous for its floral decorations on previous occasions.

Plans for Monster Meeting
The plans for the monster meeting in Mechanics' hall next Sunday night were announced today. Fred D. Smith of Chicago will be the principal speaker while Ira D. Sankey will lead the singing. Mr. Sankey is also on the program for several solos. The association male quartet of Minneapolis will be a feature of the services and will be assisted by a chorus and an orchestra.

The principal events today were the afternoon religious service in Trinity church, when a sermon was preached by Rev. Dr. Charles Cuthbert Hall of New York, and the formal welcoming exercises in Mechanics' hall this evening.

SENATOR CHANDLER WILL NOT BE GOOD

He Will Investigate the Maine Disaster in Spite of the New Attorney General.

Washington, D. C., June 11.—The Spanish claims commission of which ex-Senator Chandler is chairman, will make a full and comprehensive investigation of the blowing up of Maine in spite of the efforts of the department of justice from going into this subject. A member of the commission announced today that responsibility for the disaster would be fixed, if that can possibly be done, and under no circumstances will the findings of the naval board of inquiry be regarded as conclusive.

The projected raising of the Maine from the mud of Havana harbor will enable the commission to make a more intelligent inquiry into the causes of the explosion that destroyed the battleship and determine with greater exactness than was possible when the naval board made its investigation whether the explosion occurred from the inside or the outside.

The determination of the commission to go into the subject is certain to produce friction between the commission and the new attorney general who has practically announced that the subject is taboed.

DEPEW DENIES THE SOFT IMPEACHMENT

Knows a Number of Widows Abroad He'd Like to Marry, But Has Not Asked Any of Them.

New York, June 11.—Senator Chauncey M. Depew says that he is not engaged to be married. And as for his intending to marry some widow now abroad, as the rumor went today, he says that he knows a dozen widows that are abroad and that he would like to marry any one of them. "I haven't met the lady yet," said Mr. Depew when seen today. "Nice newspaper story, but I am sorry to say we haven't been introduced."

"Then it's not true?" was asked.

"Only in the abstract. My old friend and classmate, Brewer, has just gone and done it, and that sort of set me thinking. But that's as far as I have got yet. You see, when the men who were in college with him learn that he's settling down, they think, 'there's that fellow, Brewer, pretty level-headed chap; wonder why he's marrying—must have some good reason.' And then we all start to thinking."

"Do you know how the report got started?" was asked.

"Well, when any young fellow like myself goes into society a lot of friends say he is about to get married. I've been asked that dozens of times. Somebody has probably misconstrued some of my replies, which I fancy if taken in the composite would resemble the supreme court decision on the Porto Rican question. No, I'm not engaged today, thank you."

FORESTERS MEET AT CAPITAL CITY

Catholic Benevolent Order Opened Its Annual Session at Madison This Morning.

Madison, Wis., June 11.—It is estimated that there were 5,000 Catholic Foresters in Madison yesterday when the state convention opened. At nine in the morning the local court met in Woodmen's hall and then marched to the capitol, where they joined the delegates and assembled members of the order and proceeded to St. Raphael's chapel where high mass was held.

TELLS WHERE HE HID THE MONEY

Stewart Jelleff Confesses to the Robbery of the Mineral Point, Wis., Bank.

Mineral Point, Wis., June 11.—Stewart Jelleff, who was arrested on suspicion of having robbed the First National bank of Mineral Point of over \$26,000 three weeks ago, has made a confession to the police. The package of currency, containing over \$5,000, which is all that is now missing, is hidden in a clover field some five miles from town. The prisoner was taken out there yesterday, but was somewhat turned about, and could not locate the exact spot. He will be taken to the field again.

EXPLOSION IN THE PORT ROYAL MINE

At Least Two Hundred Men in the Shaft Whom Rescuers Are Unable to Reach.

Jacobs Creek, Pa., June 11.—An explosion last night in the Port Royal Mine may prove as disastrous as the Dunbar horror of a decade ago. How many lives are lost cannot now be estimated. All of the rescuing parties have come out of the mine as the black damp makes the work impossible. They give up the hope of finding any of the missing alive.

A number of wounded were brought up. In several instances the eyes of the victim were destroyed.

At least two hundred men are supposed to be in the mine.

VARSTY STUDENTS NOW NUMBER 2,619

Increase at the State School of 183 During the Past Year—Graduate Students Number 113.

Madison, Wis., June 11.—The university catalogue, just issued, shows an attendance for the year of 2,619 students. This is an increase over last year of 183. The seniors number 411, including the 185 young men who took the short course in agriculture. There are 15 more "hill" seniors this year than last. The registration in the different departments is as follows: College of Letters of Science, 1,137; engineering 411; agriculture 440; law 268; pharmacy 44; music 191. The graduate students number 113, the professors and assistants 176, the library staff 7 and other officers 4.

TO MAKE SPOONER A KNIGHT TEMPLAR

The Wisconsin Senator Will Be Initiated in a Madison Lodge Some Evening This Week.

Madison, Wis., June 11.—United States Senator John C. Spooner will become a Knight Templar next Thursday or Friday night. The senator was accepted by Robert McCoy Commandery No. 2, last December, and he expected to take the degree during the holiday recess of congress, but press of public business prevented him from doing so. For twenty years the senator has been an active mason. He could have become a Knight Templar several years ago, but his public and professional duties have been so onerous that he was unable to find time to prepare himself for that honor.

COMBINE TO HOLD UP EVERYTHING THAT DID NOT SUIT THE BIG SIX

Owing to ill-Advised Action of Council, the St. Paul Road Will Have to Put Two Side Tracks on North Main Street--Council Last Night.

Citizens who attended the council meeting last evening expecting to hear a great flow of oratory from the aldermen and others interested in the petitions presented by the St. Paul, railroad were disappointed. They should have attended the meeting held some hours before the council meeting and they would have discovered that there was a combination to hold up everything that did not suit the big six.

Of course Supt. Eldredge was satisfied with the explanation made him by the aldermen, he had to be. His road may be shut off from making improvements by the course of the aldermen, but they are satisfied, they can get along without making the improvements.

On North Main street instead of running their tracks back of the station as was contemplated, they are now obliged to put two tracks on the Main street side in order to cross Prospect avenue on a grade as demanded by the council.

The change of grade in the street between Main and Bluff streets would really have made no difference and the street would have been macadamized. The tracks will now run across the street on grade and the sand pit will remain. This is a case of the people of the Second ward cutting off their noses to help the combination to force the railroad to do something they won't agree to.

The aldermen claim that they are looking out for the best interests of the city, but it looks as if there was something at stake besides city interests. The full board of aldermen were present and Mayor Richardson presided at the meeting. The reports of the city treasurer and the municipal court for the month of May were presented and referred to the proper committees and later placed on file.

The claim of Luthena J. Harris for damages for injuries sustained by falling on Court street was referred to the judiciary committee. Ald. Valentine, chairman of the committee, reported that the committee had looked into the matter and decided that the injury claimed was in no way caused by any fault of the city or any of its officers and moved that the claim be disallowed.

The claim of Hook & Cummings for work done on Court street was referred to the judiciary committee and more time granted them to look into the matter.

The clerk announced the appointment by the mayor of Wm. Ross, as assistant street commissioner and of W. P. Mason as weed commissioner. Both appointments were confirmed.

Seeing that it was useless to expect the council to do anything in regard to Prospect avenue, the clerk read a petition signed by P. C. Eldredge, superintendent, asking that their petition for establishing a grade on Prospect avenue be withdrawn.

Alderman Valentine stated that the company had desired to lay tracks across Prospect avenue on a grade to be established by the council. As the council did not see fit to change the grade, he moved that the company be allowed to withdraw its petition, which was granted.

The report of the street assessment committee of amount due for work and labor done on Court street was referred to the highway committee and the bills ordered paid out of the general fund. The report of the city engineer of the establishment of grades on several streets was received and placed on file.

The usual monthly batch of bills came up and were ordered paid. Mayor Richardson was authorized to borrow \$2,000 for the credit of the general fund.

The Memorial day fund of \$75 was ordered paid to the mayor to settle outstanding bills for decorating. Dr. E. F. Woods was given permission to remodel a building at the corner of Court and Bluff streets. The committee asked for more time to settle the question regarding the boundary lines between the Second and Third wards, which was granted. The grades established by the city engineer on Peace Court, Walker street, Augusta street, William street, Court street, Glen street and Garfield avenue were accepted.

John Brown was awarded the contracts for the improvement of Pleasant, Marion, Academy and South Franklin streets and W. D. Ryan was awarded the work on South Second street, South Third street and North Bluff street was awarded to James Cape & Sons, Racine.

Alderman Fife of the Highway committee asked that more time be granted the committee for the consideration of the application of the St. Paul road for the closing of a portion of High street and that the notice be posted two weeks longer. Granted.

Ald. Rice introduced an ordinance amending the ordinance defining the duties of the city electrician and that hereafter he report to the council and not to the electric company. He moved a suspension of the rules and that the ordinance be given its third reading and put upon its passage. The question of suspension of rules was put to a vote

and was carried, the big six voting for it, Valentine, Fife and Gilkey voting against it. The ordinance was then given its third reading and adopted.

The judiciary committee reported on the bonds of John Brown and I. F. Connors and P. W. Ryan and moved their acceptance. On those of Cape & Son they asked for further time which was granted.

Pleasant street was ordered repaired if being in bad shape on account of the heavy loads of stone from the crusher being drawn over it.

The ordinance granting the Janesville Electric company the right to lay pipes in the different streets and alleys of the city for the purpose of supplying heat to the different buildings, went down before the combination, six voting against and four for the ordinance. Ald. McLean voted for this improvement. It would make a difference of about \$3,000 in favor of the city in the heating plants of the new city hall and public library if the ordinance had carried. But expense cuts no figure in a case like this.

Alderman Gilkey took up the question of street sprinkling. The sprinkling was done in such a way that it made a mud hole out of the macadamized streets and ruined them in a short time. The way the work is now done the streets are mud holes in some sections and dusty in others. He called the attention of the owners of the sprinklers to it and they claimed that their customers would not pay unless they put on lots of water. He could get no satisfaction out of them. He asked that the city attorney be instructed to draw up an ordinance providing that the city do its own sprinkling. Ald. Rice wanted all included in the sprinkling. The motion of Alderman Gilkey was carried.

Alderman Hutchinson introduced an ordinance that was given its first and second reading ordering the street railway company to equip its cars with suitable fenders at all times and fixing a penalty for every day they neglected to do so. He then moved that the rules be suspended and the ordinance be given its third reading and put upon its passage.

Alderman Gilkey stated that he was not against fenders on the cars but that Supt. Hurd told him they were working on a fender and would have it put on as soon as possible. They had peculiar cars and needed a peculiar kind of fender and he asked that the ordinance be referred to the highway committee and laid over for two weeks. Alderman Hutchinson withdrew his motion and the ordinance was referred.

Alderman Kothman introduced an order calling for the macadamizing of South Jackson from Pleasant to Court street. Alderman Gilkey, one for Court street between Harrison and Clarence and one that Milton avenue be repaired.

Water main extensions were ordered on South Franklin, North High and North Bluff streets with the necessary hydrants.

On motion of Alderman Rice the city attorney was directed to prepare an ordinance requiring the two railroad companies to station flagmen at either end of Fourth avenue bridge when switching at those points.

The street commissioner was instructed to clean out the drinking fountains at least once a week.

profession, and the fact that Mr. Kyle was a former resident of this city and began his dramatic career here, will give a special interest to his appearance here Friday evening.

ARE PROUD OF THE HIGH SCHOOL GYM.

Best Lighted and Best Appointed Hall in the City--Stage and Auditorium Are Models.

People who attended the commencement exercises at the High school last week were delighted with the pretty auditorium into which the gymnasium has been transformed and which will be even more attractive when it is completed. It is certainly an ideal place for many occasions and will doubtless be the means of encouraging educational entertainments by providing so suitable a hall. The seating capacity is in the neighborhood of 900 on the main floor and 400 in the gallery.

The facilities for heating and ventilating the auditorium are splendid and the lighting equipment is by far the best in the city. The auditorium is lighted on the same principle as is used in the engineering building at the University of Wisconsin. The stage is equipped with electric foot lights and rows of fly lights by which it is brilliantly illuminated. But it is in the auditorium itself that the lighting is peculiar. The light comes from rows of electric bulbs arranged on the forward side of the beams close to the ceiling so that the source of light is not visible to anyone in the audience unless a special effort is made by looking upward and backward. The High school boasts the only system of this kind in the city and probably the only one outside the university engineering building in the state.

The result of this system is a light which is very grateful to the eye. It seems softened and subdued until it gives almost a twilight effect and one only realizes its intensity by attempting to read when the distinctness with which the letters stand out is almost startling. It is so unexpected. The eye is thus shielded from all glare, a fact which is its own recommendation.

The credit for the new system belongs to Architect Jennings, who has charge of the library plans. He declares that the universal system employed in lighting homes, churches, public meeting places and stores, is barbarous, his idea being that the eye should never look at the source of light. Even though opaque globes are used it means the abuse of the delicate organs of sight and it is judgment that artificial light should resemble the day light as closely as possible.

When the auditorium is completed the ash wood work will be oiled and polished and the walls will be tinted harmoniously. The stage is exceptionally pretty and is quite roomy. The drop curtain is a very handsome one, rich red and gold being the predominant colors. It is thirty-two feet long and the decorative design is a Venetian scene which is very attractive. The curtain is the artistic work of Sosman & Landis, of Chicago, who also furnished the two sets of scenery, a pretty parlor setting and a wood scene. On either side of the stage is an ante room. The frames for the scenery and the curtain roll were made by the boys of the manual training department.

With the work of finishing the third of the building, the facilities of the High school will be greatly increased. Back of the stage are four large rooms, two of which will be ultimately used as recitation rooms

and two which will be devoted to the domestic art department. One room will be the sewing room and one the cooking kitchen. Between this suite of rooms and the art room, which occupies the end of the building, is a long room extending the entire width of the building, which is used as a dining room where the noonday luncheons will be served. Tables will also be provided for those who bring cold luncheons.

The rooms in the basement now used by the domestic art department will be added to the accommodations of the manual training department, which has outgrown its present quarters, which includes three rooms. Another plan in mind for increasing the facilities of the building is to take the hooks out of the wardrobes and turn them into recitation rooms. When this is done lockers will be placed all along the long hallways. Each pupil will have a locker which will be provided with a combination lock.

It is expected that the attendance at the High school will be greatly increased by the new law which requires townships to pay the tuition fees of their young people at any high school in the state. The county superintendents are busy now making out the list of county school graduates and it is expected that there will be thirty or forty in the county this spring. Supt. Mayne says that he sees no reason why the attendance at the High school should not be from 600 to 800 students. The present attendance is nearly 500 and judging the future growth by the past it will not be many years before the outside figure is reached.

WE KEEP THE QUALITY UP

Carpet Selling..

All carpets for miles around must have worn out about the same time, judging from the number we have sold, and the demand is not yet over by any means. We bought an immense lot of carpets early in the year and thought we would have enough to last through the spring season. Since then we have bought many pieces, in fact have been receiving shipments several times each week since May 1st. THE RESULT IS, our stock is in excellent condition now, having a splendid assortment of the very newest patterns in the several grades that we handle. If you need carpets, here's the place to come for them. How about carpets for the new house?

RUG BUSINESS

Largest and most complete line of RUGS we have ever shown. Over 1,000 rugs to show you. Shapes and sizes to fit in anywhere. Ingrain and Brussels, Ingrain Art Squares, 100 of them. Smyrna and Velvet Rugs in extra large sizes for rooms in place of a carpet, 50 styles; also Moquette and Japanese, large variety. Oriental Rugs, on these we positively save one money. We sell them at a much smaller margin of profit than the large city houses, to which many people can attest. How many dollars extra is it worth to you for the satisfaction of buying in Chicago? It is not for us to say where one shall buy. All we ask is an opportunity to substantiate our claims. Before buying call and be enlightened regarding our stock of ORIENTAL RUGS.

Mattings.

Have you a summer cottage to furnish? Are there some up-stairs rooms that need a new floor covering? So many rooms for which matting is just the thing. 200 rolls of matting to show, plain and fancy, all matting and cotton warps. Prices within easy reach.

BAG TOPS

A new lot of them just received from New York. We have all the materials necessary for making the "fad" purses. Have had some trouble keeping the "tops" in stock, ours are so desirable. Plenty now.

Folding Jap. Fans

From Vantine & Co., New York, the largest importers in America of Oriental Novelties. We brought about 700 Japanese folding paper fans comprising some beautiful creations in light and dark fans, prices start at 3c and end at 40c. The decorations on them are very late and distinctly Japanese. Lovely fans at 10c, 15c, 25c. and so well made.

Turkish Towels

Headquarters for turkish bath towels. We emphasize a lot that we offer at 12 1/2-2c. Not every day can such a bargain be found, being worth about double what we ask. Have great values in turkish towels at 25c. After the bath a good Turkish towel's the thing.

FERRIS & BURGESS.
Corn Exchange, Janesville.

I ONLY REGRET THAT I HAVE BUT ONE LIFE TO LOSE FOR MY COUNTRY.

The sat sale for "Nathan Hale," which will be presented at the Myers Grand Friday evening, will open at the People's Drug store tomorrow morning at nine o'clock. Hereafter the advance sale for attractions at the theater will be held at the People's Drug store instead of at the box office. Telephone orders can also be sent to King's pharmacy.

There are many reasons why Nathan Hale, Clyde Fitch's stirring dramatization of the story of the noble patriotic spy of the Revolution, which will be seen at the opera house, Friday, June 14, should appeal to New England people. In the first place, Clyde Fitch, the author, is a New England boy, having been born in Hartford. Nathan Hale himself was born in Coventry, Connecticut and graduated from Yale in 1773, one of his staunchest friends, who was also a Continental captain with him, was William Hull, also a graduate of Yale in 1773. Then pretty Alice Adams, Nathan Hale's sweetheart, was born in Canterbury, Conn., and her father,

Col. Adams, was one of New England's glorious contributions to the Revolutionary cause. It may not be generally known that Rev. E. E. Hale, the author of "A Man Without a Country" is a grand-nephew of the Revolutionary martyr.

Very few people are aware of the fact that Howard Kyle, who will present his great success, "Nathan Hale" at the Myers Grand next Friday evening, made his debut in this city. The occasion was upwards of seventeen years ago and Mrs. Oscar King, then Miss Minerva Guernsey of this city was a member of the same company.

As a small boy Mr. Kyle resided here. He is a relative of the well known organist and vocal teacher, Dr. J. W. Bischoff, formerly organist at the Congregational church and who went from this city to Washington, D. C., where he has attained an eminent position.

It is always interesting to know something of the personality of one who stands high in the dramatic

CONSPIRACY CASE VERDICT

Unger and Brown Found Guilty by Jury.

GREAT TRIAL AT CHICAGO.

The Maximum Penalty Is Five Years' Imprisonment in the Penitentiary—Defendants Betray No Emotion When Their Fate Is Known.

Chicago, June 11.—Dr. August M. Unger and Frank Wayland Brown were found guilty of conspiracy to obtain money by false pretenses by a jury in Judge Tuely's court and their punishment fixed at imprisonment in the penitentiary. The jury was out less than half an hour and took but on ballot. A motion for a new trial was made by the defendants' attorneys. It will be argued a week from next Friday. If a new trial is not granted the prisoners will be sentenced by the court. The maximum term is five years. Defendant Brown, who has been out on bail for some months, was taken into custody when his case was given to the jury, and beyond turning pale he gave no indication of weakness. Dr. Unger heard the verdict without flinching, and returned to his cell with a steady step. Mrs. Unger, who was standing just outside the courtroom door when the clerk read the verdict, went downstairs crying. She did not visit her husband in the jail afterward. Frank H. Smiley, who pleaded guilty, will receive his sentence with the other defendants. After the jury had been polled and was about to leave the box Judge Tuely asked for the foreman, stating that a letter addressed to him had been intercepted by the bailiffs. J. F. McWhenny stood up and at the request of the court broke the seal. Judge Tuely then glanced over the letter, and after a consultation with Assistant State's Attorney Olson, said that all the officers of the court had received similar letters, and that they were from Cora Munn, a woman who thinks she knows all about the case.

To Investigate Wecker. After the jury had been dismissed, Judge Tuely called Attorney Olson to the bar and told him that evidence during the trial had shown that there had been negligence on the part of Deputy Coroner Wecker in regard to the inquest held over the remains of Marie Defenbach, and that he desired him to bring the matter to the attention of the next grand jury. The official promised to comply and reported the matter to State's Attorney Deneen. The opening of the court was marked by another collapse on the part of Attorney John J. McDannold, counsel for Dr. Unger. He was weak, and proceeded with his argument in disobedience of the order of his physician. He had talked but a few minutes, however, when he was forced to ask the leniency of the court, and announced that he would close. He was taken to Judge Tuely's chambers, where he recovered. He was not in court when the jury returned its verdict.

Events in Defenbach Case. Conspiracy begun April 3, 1900. Marie Defenbach dies Aug. 25, 1900. Inquest Aug. 27, 1900. Smiley and Unger arrested Oct. 7, 1900. Brown arrested Oct. 8, 1900. All are indicted for conspiracy Oct. 16, 1900. Trial begins May 22, 1901. Verdict of guilty found June 10, 1901.

POLICE FIGHT A WILD MAN.

Police Officers Have a Fierce Encounter with a Supposed Burglar.

Tacoma, Wash., June 11.—Yesterday afternoon the police were called to arrest a supposed burglar on A street. When they arrived they found the man had entered a house by a rear window. The officers followed and when the stranger saw them approach he seized a board and pounded it to splinters over their heads. Reinforcements were sent for. Chief Fackler being left alone, the man sprang at him with a hammer, but the latter dodged and Sergt. McCoy, who had just entered, wrenched the hammer from his hand.

A desperate fight to put handcuffs on the man followed. He was endowed with inhuman strength and snarled and growled at the men attempting to overpower him. One of the man's arms had fallen free and a handcuff was snapped. The other arm was doubled under his breast on the floor, and, in spite of the efforts of half a dozen men, he could not be made to give up. Finally Sergt. McCoy managed to wrench the arm out and the other cuff was fastened to his wrist.

When taken to the station it was discovered that the stranger was a wild man who had been on exhibition here and who had been locked out of his house.

Lawyers Fight in Court.

Muncie, Ind., June 11.—A fist fight occurred in the courtroom at Newcastle, south of Muncie, between ex-Congressman Henry C. Johnson and Attorney John Robbins, both of Richmond, Ind. The word "liar" started the combat, and the two attorneys were both badly beaten before they were parted by Sheriff James and the jurors. Johnson and Robbins were fined \$25 each for contempt of court. The fight caused Judge Bernard to adjourn court.

All Shut Out Saloons.

Dayton, Ohio, June 11.—Cigar and drug stores were generally closed in the city Sunday as a result of agitation by union clerks and other organizations. It was the severest stricture that has been placed upon the dealers in years. So far saloonkeepers have not been molested.

BEYOND DOUBT.

These Facts Must Convince Every Janesville Reader.

That which follows is the experience of a resident of Janesville. Incredulity cannot exist about the statement because it can easily be investigated.

Mr. H. P. Hanson, of 103 Pleasant St., engineer, employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the People's drug store and taking them I felt better slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills."

AFTER MANY YEARS

Of suffering from kidney disease, Miss Minnie Ryan, of St. Louis, Mo., found a complete cure result from the use of Dr. Pierce's Golden Medical Discovery.

It is such cures as this which establish the soundness of Dr. Pierce's theory: "Diseases which originate in the stomach must be cured through the stomach." Every other organ depends on the stomach for its vitality and vigor. For by the stomach and its associated organs of digestion and nutrition the food which is eaten is converted into nutriment, which, in the form of blood, is the sustaining power of the body and each organ of it. When the stomach is diseased the food supply of the body is cut down, the organs are starved, and the weakness of starvation shows itself in lungs, heart, liver, kidneys or some other organ.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and so cures disease of other organs which have originated through deficient nutrition or impure blood.

"I had been suffering with kidney trouble twenty years," writes Miss Minnie Ryan, of 137 Louisiana Avenue, St. Louis, Mo., "and I had doctored with a number of the best physicians. Two years ago I commenced taking your 'Golden Medical Discovery' and 'Favorite Prescription' and took also several vials of Doctor Pierce's Pellets. I took eight bottles (four of each), and I feel now perfectly cured."

Dr. Pierce's Pellets cure biliousness.

RECOGNIZE TOTAL ABSTINENCE

The total abstainer has always been recognized as a man in better health and with better prospects of continued good health than the drinking man.

By a recent action a large American Insurance company has recognized this fact, and has given a monetary value to total abstinence. Lower rates will be given to those policy holders who do not and will not drink, and the saving in this respect, added to the economy of not handling money over the bar represents the value in dollars and cents of abstinence to the abstainer.

This action was the result of a petition from prominent men in the country, as John Wamaker, Edward E. Hale, Booker Washington, Senator Frye and others equally as prominent.

It is expected that the lead thus taken by this company, will be followed by others, and in a short time all will have a total abstinence class.

CHICAGO UNIVERSITY ABROAD.

After absorbing and affiliating about everything in sight on this side of the Atlantic, Pres. Harper has thrust an arm of his octopus university into the midst of Europe. A school is being established at Paris and one will soon begin its work at Berlin.

The idea of establishing these branches seems to be to furnish education in the special branches of modern languages, art and music. The tuition of \$1,000 covers all necessary expenses, including transportation from New York and a few vacation trips to the continent.

The venture may appeal to a few who think that an aesthetic education in Europe is a little ahead of that acquired in America, and who have unlimited means for satisfying their desires; but we believe its usefulness as a far-reaching educational force is very limited indeed.

Many Americans who prefer to get an education in Europe will also prefer to get a simon pure European training at one of the old established universities; and not at an American experiment station.

JOHNSON AND PINGREE.

Mayor Johnson seems to be possessed of the same power that was wielded for so many years by Pingree of Detroit.

Johnson and Pingree have the same record of business achievement, both are determined to advance the interests of the rank and file of the people. Both men have the same opinion regarding public franchises, and corporations. Johnson was for years a single taxer, but has now come to the same opinion as Pingree, as an advocate of the equal taxation of corporations and private property.

During his investigations Johnson has found that the railroads were assessed on twelve per cent. of their valuation, while the private owners were assessed on sixty per cent.

We hope the points of similarity in the two men will not continue to such an extent that when Mayor Johnson is defeated in any of his pet schemes, he will leave his party and call names.

The test of a truly great man is to be able to bear and forbear.

CUBANS WARNED.

The Cubans will probably learn later, if not sooner, that there is no trifling with Uncle Sam's edicts.

They must accept the amendment as passed, or suffer the consequences.

The president holds the island as in the hollow of his hand; congress has been liberal, and we will all stand by the people, so long as they try conscientiously to organize and conduct a stable form of government.

But the Cubans must not forget that precious American blood was shed as well as American money spent in order to relieve them of the unbearable Spanish rule, and they should show their appreciation by compliance with the dictum of this government.

The Philippine commission has made a trip through the various peaceful provinces, making arrangements for the establishment of local forms of government, on July 1st.

Last Monday the last volunteers arrived at Manila from China. Thus closes one of the most glorious chapters in the annals of our army's history.

CONSPIRE TO KILL KENNEDY.

Prosecution Rests Its Case in the Trial at Kansas City.

Kansas City, Mo., June 11.—The state in the case of Lulu Prince Kennedy, on trial for murdering her husband, rested in the afternoon and adjourned until today, when the defendant's side was presented. The case will probably be given to the jury some time Saturday. The state introduced additional evidence to prove the claim that Kennedy was forced to marry Lulu Prince at the point of a revolver; that Will Prince furnished the weapon and nerved her up to committing the crime; that Prince conspired to kill Kennedy and predicted the murder days before it occurred, and that the woman's claim that she shot her husband in a fit of temporary insanity produced by this condition was untrue. Today the defense began its testimony to show that Mrs. Kennedy inherited insanity and that Kennedy's refusal to acknowledge her as his wife temporarily deprived her of her reason. Following this the state will offer evidence to show that she was not a virtuous woman before she met Philip Kennedy.

THE FIRE RECORD.

Fire in Military Hospital.

San Francisco, Cal., June 11.—A fire which broke out last night in the general military hospital at the Presidio destroyed three wards, kitchen, dining-room and medical supply-room. None of the patients was injured, the rescues in many cases being exciting, with all the attendant difficulties. The loss is estimated at \$25,000.

Thirty Men in Mine Affair.

Port Royal, Pa., June 11.—The Pittsburgh Coal and Coke company's shaft No. 2 at this place is again on fire, after steady burning for seven years, and over thirty men are in the mines, many of whom it is feared will never be heard from again.

Mrs. McKinley Recovers.

Washington, June 11.—One of the prettiest functions that have been held in the white house in a long time was the unexpected visit of all the members of the cabinet who are in Washington last night to the executive mansion and their subsequent visit to the chamber where Mrs. McKinley has been confined since her return from the Pacific coast. They found the mistress of the white house carefully propped up with pillows and, though looking wan and wasted, in very much better condition than they had hoped to find her.

Huge Oil Mill Is Planned.

Toledo, O., June 11.—The land was purchased on Saturday for the largest flue-dried oil mill in the world and stakes for the buildings were set out today. The mill is designed to oppose the combine. E. Lewis Metzger of Philadelphia appears in the transaction, but it is understood that with him is associated Guy G. Major, formerly mayor of this city, now president of the American flue-dried company.

Arrest Rich Man's Son as Forger.

Chicago, June 11.—Melville Chester, Jr., son of a New York financier, was arrested after a hard fight which followed a chase of six blocks in the downtown district. Young Chester has been wanted by Pinkerton detectives on twenty-five charges of forgery. It is claimed that he has swindled bankers in all parts of the country.

ELDRIDGE DENIES GARBLED REPORT

HE IS NOT PERSUADED THE ALDERMEN ARE ALL RIGHT.

High Street and Franklin Street Affairs Were Not Discussed—How Alderman McLean Made a Show of His Politics—Means Two Tracks on North Main Street.

The statement in The Recorder of this morning that Superintendent Eldridge did not fully understand how matters stood between the railroad and this city and was inclined to think that the aldermen were all right in their demands, was flatly denied by that gentleman today.

Mr. Eldridge stated that he met the committee yesterday for the purpose of discussing the depression of Prospect avenue and that High street and Franklin street were not mentioned by anyone, except Ald. McLean who had the floor the most of the time and made one of his characteristic speeches in regard to the situation.

He did not confine himself to the matter the meeting was called for and was reminded of that fact several times. He was inclined to think that the superintendents of both companies ought to be arrested every time they came to town, because their trains blocked the crossings.

He was opposed to arresting the train crews for violating the ordinance because they were his constituents and voted for him for alderman of the Fifth ward and he did not wish to lose their votes.

Alderman Hutchinson said if he had his way about it they would not be on North Main street at all, he would shut them out entirely. Nothing was said about North Franklin street or High street and in fact the committee adjourned without coming to a decision on anything.

Mr. Eldridge told them his road could not cross Prospect avenue on the grade and go back to the station, so would have to put their tracks in front of it on the Main street side.

The company's petition to have the grade of the street depressed so they could cross was withdrawn from the council by their attorney, so that the company is under no obligations to macadamize the street, as they had agreed to if the grade was depressed. As far as Franklin street is concerned the Northwestern is interested in the crossing and Mr. Eldridge was in no position to say what either company would do.

The fact of the matter is that the railroad company is being held up by one or two aldermen.

It is stated upon good authority that unless there is a decided change in the stand taken by the council there will be no new passenger station built by the St. Paul company in this city. As a matter of fact they have about decided that they will not build, but will put sheds on the west end of the old passenger station and make that answer the purpose of a new station.

In the Circuit Court
In the circuit court this morning Judge Dunwiddie dismissed the \$2,000 slander suit brought by Lettie M. Schurch against Matthew F. Lathers for slander. The plaintiff and defendant reside on farms near Shople, Miss Schurch having been employed as a domestic. On the 14th of May Judge Dunwiddie sustained the demurrer of the defendant holding that the complaint did not contain sufficient cause for action. The plaintiff was given twenty days in which to file and amend complaint and none having been made when the case was called this morning, the case was dismissed. Frank Clary of Beloit was the plaintiff's attorney and J. W. Bates of Beloit, appeared for the defendant.

Baptist People Picnic
The fifty young people under sixteen years of age who have been the most faithful in attendance at the Baptist church during the past year, enjoyed a picnic at Mole's Grove this afternoon, being entertained by the King's daughters.
Games were played during the afternoon and the picnic came to a pleasant close with an appetizing picnic supper. Everyone had a jolly time.

THE RIGHT MAN IN RIGHT PLACE

N. W. Chadwick, an Iowa Man, Stopped a Runaway Ice Wagon Team and Prevented Damage.

N. W. Chadwick of Anamosa, Ia., arrived in the city this morning to look over the tobacco growing district around Janesville with a view of trying to raise a crop at his home. He thinks the climate and the soil well adapted to this industry.

He started out on his wheel this morning up East Milwaukee street to look over some of the farms on Milton avenue and ran into all sorts of excitement.

Just as they reached the top of the hill near Dr. Woods' residence the horses attached to one of the City ice company's wagons who had been left unattended in the street became frightened at the approaching street car and started to run. When they started they were forced up Milton avenue, but turned square around and started down the hill.

Mr. Chadwick realized that if they were not stopped they would do great damage to themselves or someone else as the wagon was heavily loaded with ice. He jumped off his wheel and as the horses approached grabbed one of them by the bit and pulled them towards the side of the road. At this point there is a large telephone post with a large number of telephone and fire alarm wires strung on it.

The horses straddled this post wrecking the front of the wagon and stopping them in their flight.

When the wagon struck against the pole the shock broke it off just below the cross trees. The cross trees wires and pole top came tumbling down on the horses, wagon and Mr. Chadwick but fortunately did no injury other than the smashing of the large electric light suspended in the center of the street.

The noise made by the wagon striking the post sounded like an explosion and was heard for three or four blocks. Fortunately the only large damage done was to the wagon and the telephone pole.

It is a fortunate thing that Mr. Chadwick happened along just as he did as there is no doubt but that a number of bad accidents would have occurred had the horses continued on down town.

FAST GROWING BUSINESS

J. E. Inman Has Added Two Hundred New Customers

Since the opening of the spring J. E. Inman has added two hundred new customers to his already large list of ice consumers. Mr. Inman handles exclusively Crystal Lake ice which is well known throughout the country for its purity. Crystal Lake ice is daily shipped to Janesville in carload lots and is delivered to all parts of the city soon after its arrival. This ice is no more expensive than impure river ice that possesses all the impurities that sewerage gives to all river ice. The shores of Crystal Lake are carefully guarded and there is no chance for sewerage. Several thousand springs feed the lake making the water as pure as the best of spring water. It is from this lake that the greater portion of the citizens of Janesville are now receiving their daily supply of ice. Good health demands such ice in the home. Mr. Inman now has three wagons making the rounds of the city insuring to all prompt delivery.

Senior Class Party
The senior class party at Assembly hall last evening was one of the prettiest parties ever given in the city. While no attempt had been made at elaborate decorations, the hall was beautified with purple and gold bunting and potted palms. The class motto, "Onward and Upward," was conspicuously placed on the balcony railing and the figures "1901" over the word "Welcome" were placed above the orchestra stand. The attendance was just large enough to make it a pretty dancing party.

GERMAN VEREIN OUT ON A PICNIC

About Fifty Members with Their Families Take a Trip to Monroe This Morning.

About fifty members of the Bower City Verein No. 30 and their wives gathered at the St. Paul passenger station this morning and took the 10:30 train for Monroe, Wis., where they will spend the day enjoying the cool breezes and shady groves of the picnic grounds.

The Janesville party were met at Hanover by about fifty members of the society and the Monroe band which had come that far to meet the Janesville delegation. One hundred tickets for the excursion were sold here and by the time that the train reached Monroe there were over two hundred members of the organization on board.

Those who had charge of the excursion were Leopold Koesters, F. Albrecht and Charles Herrman.

Rare Treat for Music Lovers
Don't forget that the Children's choir of the Congregational church will repeat the May festival concert, which was such a pronounced success two weeks ago, tomorrow night. Those who did not hear the children sing on the former occasion, should not miss this opportunity; those who did hear them will want to hear them again. Miss Peake's solos alone will be worth more than the price of admission. The little tots will be as cute as ever in their kindergarten songs. Tickets at the door, 15 cents.

Mrs. Mary Crossett left yesterday for Ames, Iowa, where she will spend the summer.

WHAT CAUSES DEAFNESS.

The Principal Cause is Curable but Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives as his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably overstated but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the lungs and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve and anyone suffering from deafness and catarrh can satisfy themselves on this point by using a fifty cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a wholesome combination of Blood root, Guaiacum, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat.

As one physician aptly expresses it: "You do not have to draw upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All druggists sell and recommend them. They cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders will appreciate to the full the merit of Stuart's Catarrh Tablets.

SERVANT GIRL WHO IS A PEACH

First Ward Family Has a Young Woman That Beats Anything on Record So Far as Known.

There is a family in the First ward that will be the envy of every family which has had any experience with hired help in the kitchen, when it is known that this First ward family has in its employ a servant girl who is a living denial of all the accepted notions regarding servant girls.

For instance his phenomenon does not insist on lying in bed in the morning until the mistress of the house, in despair lest her liege lord should be late at work, prepares breakfast herself. Neither does she insist that it is no part of her work to do the family washing but that a washer woman must be hired.

On the contrary this marvel of the twentieth century had the family washing on the line Monday morning before 6 o'clock, prepared and served breakfast before 7 o'clock, made butter and ice cream and had her washing indoors, the clothes thoroughly dried, before the rain, which descended in all its fury, shortly after 8.

This story has the pronounced flavor of one of Grimm's fairy tales or George Ade's modern fables but its truth is vouched for by a reputable business man. The heroine of this story will doubtless have a warm right ear for many days to come if the old adage concerning the burning sensation in that organ when absent people are saying good things about the owner. Probably her left ear will not escape either, for her sister servant girls are apt to get tired of hearing her praises sung by their employers and they will doubtless say some pretty hard things about her.

A severe sprain will usually disable the injured person, for three or four weeks. Many cases have occurred however, in which a cure has been effected in less than one week by applying Chamberlain's Pain Balm. For sale by People's Drug Co., and King's Pharmacy.

Half Rates to Northern Wisconsin Saengerfest at Marshfield, Wis.

Via the North-Western Line. Tickets will be sold at one fare for round trip, June 20 to 23, inclusive, limited to return until June 24, inclusive. Apply to agents Chicago & North-Western R'y.

You may as well expect to run a steam engine as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. Samples free at People's Drug store and King's Pharmacy.

TRAGEDY ENDS FEAST.

Louis Hartman Kills Wife and Ends Own Life.

Chicago, June 11.—After enjoying a wine supper served in their room in the Great Northern hotel, Louis Hartman killed his wife as she lay sleeping by his side and then turned the revolver on himself, blowing out his brains. Death was instantaneous, for the bodies when found later in the day showed no evidences of a struggle. In the man's pockets was found 16 cents and a number of pawn tickets. There was but little else of value. Mrs. Hartman was formerly an actress, residing at 236 West Thirty-fourth street, New York. Her last appearance in Chicago was with Lederer's production of the "Belle of New York," and prior to that time she was seen here in the "American Beauty," the play in which Lillian Russell was the leading woman. A photograph found in the woman's trunk showed her to have been connected with Weber's Dainty Duchess company this season. Hartman is said to be the son of wealthy parents who have been anxiously endeavoring to get some trace of his whereabouts. His father is reported to be the senior member of the firm of Hartman & Co., a prominent wholesale tobacco house of New York.

Unnecessary Loss of Time.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled that Chamberlain's C. Otic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at work. For sale by People's Drug Co., and King's Pharmacy."

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

MACHINISTS ASK ASSISTANCE.
International Association Seeks Support of Central Federation Union.
New York, June 11.—At a recent meeting of the Central Federated union the privilege of the floor was given to a committee from the International Association of Machinists, who asked permission to lay the case of the striking machinists before the body. A. Kunzelman of this committee said that the principal point now was to keep 20,000 non-union men who had gone on a strike with the union men from rushing back to work.
"There are 50,000 machinists on strike for the shorter work day throughout the United States," he continued. "Of these, 30,000 belong to the union, and we have to keep the other 20,000 in line. We accept the challenge of the National Trades association and will fight until we win or until the end. Should we win, as I hope and believe, it means a nine-hour work day for 650,000 people throughout the United States."
He said that the fight would be a long and bitter one and asked the central body to lend its aid. It would require \$150,000 a week, he said, to pay strike benefits for the non-union men. The meeting voted to give \$100 directly to the machinists and adopted a resolution directing the secretary to write to all affiliated unions asking for financial assistance for the strikers.

Strike Called Too Hasty.
Buffalo, N. Y., June 12.—The 500 machinists, pipe fitters and helpers who struck at the Depew shop of the New York Central a few days ago returned to work today in accordance with the orders received from the convention of the International Association of Machinists at Toronto, which decided after investigation that the strike had been too hasty.

Predict End of Strike.
Indianapolis, Ind., June 11.—The mine workers' officials are confident that the long strike in the Hopkins County, Kentucky, field will be speedily settled, as the temporary injunctions against the strikers have been dissolved. The miners have spent nearly \$100,000 in the fight.

Quit Work, Not Unions.
Charlotte, N. C., June 11.—The employees of the Vance cotton mill at Salisbury, N. C., are out today. They were informed that they must renounce their unions or quit the mill, and they chose the latter course.

THE DEATH RECORD.
Death of Walter Besant.
London, June, 11.—Walter Besant, the novelist, died yesterday at his residence in Hampstead, after a fortnight's illness, from influenza. Besant was to have attended the Atlantic union dinner tonight and propose the toast to "English-Speaking Communities."

Walter Besant was born at Portsmouth, England, in 1838. He was educated at King's college, London, and at Cambridge university, from which he graduated with high mathematical honors. He was intended for the church, but abandoned this career for literature. He was for several years professor of the Royal college of Mauritius, but resigned on account of ill health and returned to England. His first work, "Studies in Early French Poetry," was published in 1868. In 1873 appeared "The French Humorists," in 1877 "Rabelais" and in 1882 "Readings from Rabelais." Meantime his first novels, "Coligny" and "Whittington," had appeared, and the writer had formed a partnership with James Rice in the production of a series of novels that bear their names. The most famous of Mr. Besant's own novels is "All Sorts and Conditions of Men," a work which led to the establishment of the People's palace in East London.

Among the author's other books are "Children and Gibeon," in 1886; "The World Went Very Well Then," 1887; "For Faith and Freedom," 1888; "The Bell of St. Paul's," 1899; "Arnold of Lyonnesse," 1890; "The Rebel Queen," "The City of Refuge," in 1896. Of late years Mr. Besant gave his time largely to a series of illustrated historical works on old London, which he handled in an interesting way.

Mr. Besant founded the Society of Authors, an organization formed to promote the well being of the profession, and he was editor of the monthly organ, the Author.

Fire Spreads in Coal Mine.
Shamokin, Pa., June 11.—The fire which broke out in No. 4 slope of the Luke Fidler colliery Saturday morning, ignited several large bodies of gas last night causing the flames to spread so rapidly that the fire is now beyond control.

Boston 'L' Is Opened.
Boston, June 11.—Boston's elevated railway opened for business at 5 o'clock this morning. The line extends from Sullivan square, Charlestown, to Dudley street, Roxbury, a total trackage of seven and a half miles.

Trains to Rival Trolley.
Cincinnati, Ohio, June 11.—The directors of the Baltimore & Ohio Southwestern railroad decided to enter into active competition with the electric street cars between Marietta, Ohio, and Parkersburg, W. V. Nine trains will be run each way daily.

Woman Dead in a Cistern.
Sycamore, Ill., June 12.—Mrs. Charlotte Carlson, an elderly woman, was drowned in a cistern here. The family decies the suicide theory, thinking she went to the cistern, had an attack of heart failure, and fell in.
